**\$2,999.00**

Fixer x 8 + Developer x 8 **\$369.95**

### Magnifying Loupe

The optical-grade acrylic lenses are  
recessed to reduce scratches. They swing  
down on a lightweight headband with  
tangle connection, which fits every head.  
The magnifier can be easily and quickly  
put on and off. It may be used in  
combination with regular spectacles.  
Lactona visor loupes are ideal for close-up  
work in the oral cavity or at the lab bench.

Available in 2½ X and 4 X magnifying power.

**\$109.00 each 3+ \$99.90ea**
